

Master of Biology (M. Bio)

Required Subjects: **18 units**

Bi 201 Advanced Cell and Molecular Biology (Lecture)	2 units
Bi 201.1 Advanced Cell and Molecular Biology (Laboratory)	1 unit
Bi 204 Advanced Physiology- Plant and Animal (Lecture)	2 units
Bi 204.1 Advanced Physiology- Plant and Animal (Laboratory)	1 unit
Bi 208 Advanced Morpho-Anatomy: Plant and Animal (Lecture)	2 units
Bi 208.1 Advanced Morpho-Anatomy: Plant and Animal (Laboratory)	1 unit
Bi 232 Advanced Developmental Biology (Lecture)	2 units
Bi 232.1 Advanced Developmental Biology (Laboratory)	1 unit
Bi 247 Advanced Genetics (Lecture)	2 units
Bi 247.1 Advanced Genetics (Laboratory)	1 unit
Bi 294 Ecology and Systematics (Lecture)	2 units
Bi 294.1 Ecology and Systematics (Laboratory)	1 unit

Specialty Electives: **12 units**

Any four (4) subjects from the list of specialty electives with the approval of the Academic Adviser

Graduate Seminar: **2 units**

Bi 290 Graduate Seminar	2 units
-------------------------	---------
