

MINOR IN MANAGEMENT, revised – Applicable to Students Assigned to Curriculum Versions 2018 and Later

Most Ateneo graduates find themselves holding positions of responsibility within organizations that they join regardless of the path they choose to pursue. They can more effectively manage teams and organizations that they lead through formal training in the various functional areas of management.

The Minor in Management is for students who are enrolled in non-JGSOM courses and would like to gain a working knowledge of the core management disciplines that can help them more effectively manage any organization.

Eligibility Requirements (Majors Which Cannot Qualify for the Minor)	<p>All Non-JGSOM undergraduate students may apply for this minor, except those enrolled in the following degree programs:</p> <ol style="list-style-type: none"> 1. AB Chinese Studies - Specialization in Business 2. AB European Studies - Specialization in Business and Economics 3. BS Life Sciences - Management track 4. AB Interdisciplinary Studies - Management track 5. AB Management Economics <p>For students in other degree programs that include any of the required courses required of the Minor in Management – no more than 6 units of courses in their program of study (i.e., the core and major curricula) may be credited towards the Minor</p>
